

Go to “Rules” tab, click “open” folder, and select “NFHS” rule set.

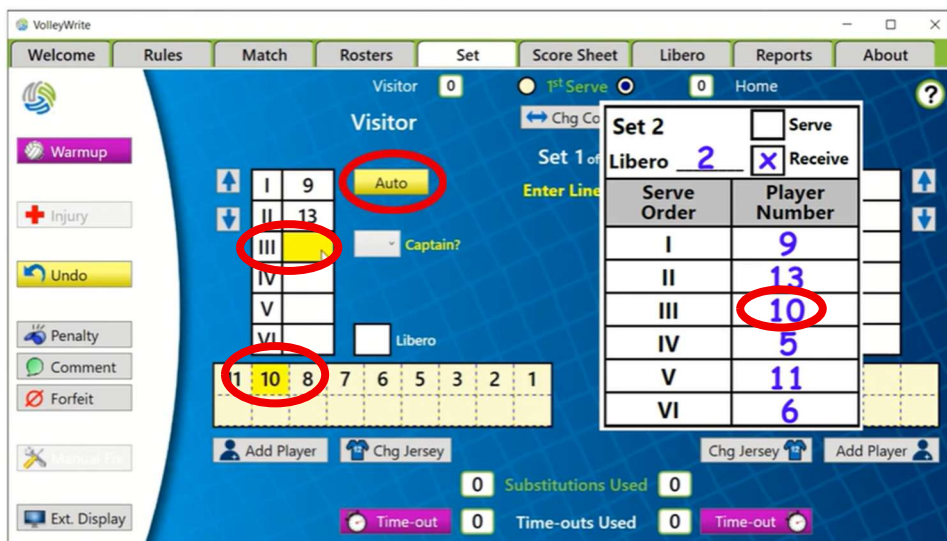

Click the “Rosters” tab, and enter all the **player numbers**. Pay attention to which is the **home team** and **visitor team**.

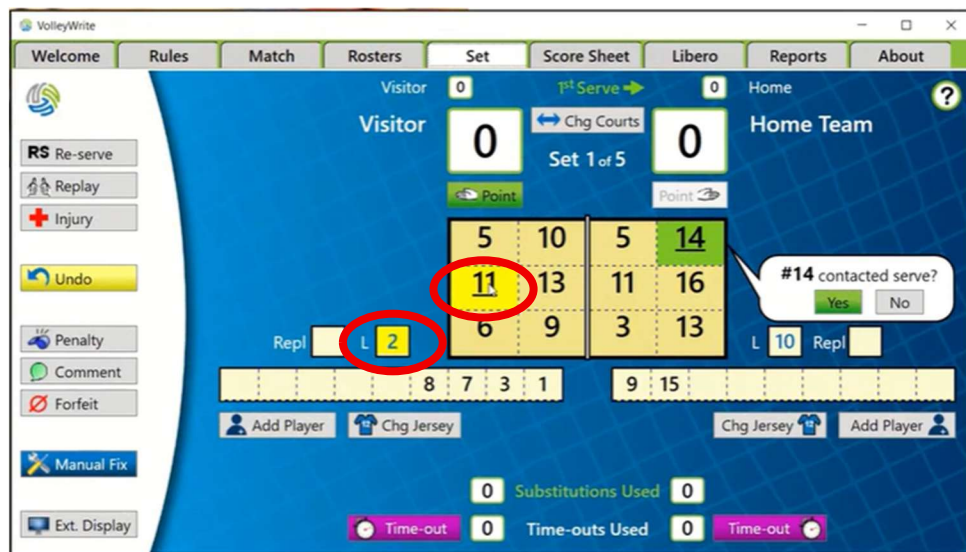

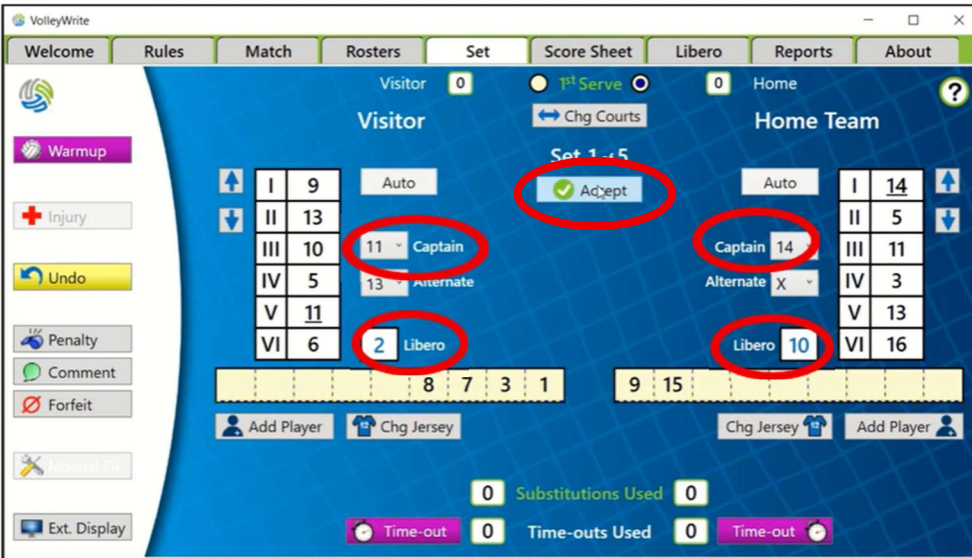

Go to the “Set” tab and press “start.”

At the coin toss, click who will serve first. Teams should be on the same side of the screen as they are on the court. If not, use the “Chg courts” button.

Once coaches give you the line up, click the “auto” button. Then click the players’ roster numbers in order of positions I-VI. For example, the third click will be square “10,” since that is the player in the third position on the line up.

Once a point is made, click the appropriate team's "point" button.

Side Outs: When a team achieves a side out and rotates, keep an eye out for 2 things:

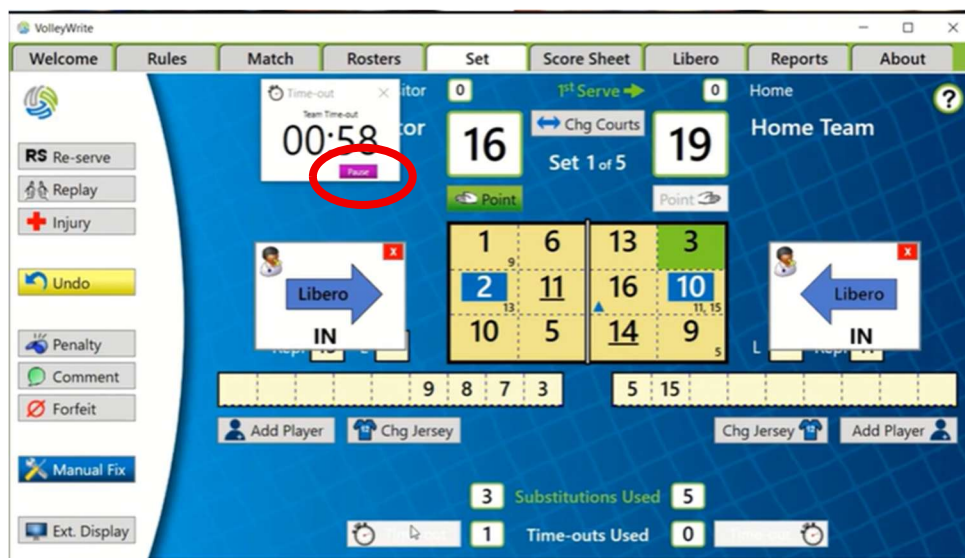

1. **Libero Swapping:** They do not have to pause on the side like other subs. **If there's a pop-up**, like to the left where #11 is going in for libero #2, **answer accordingly**. **If there's no pop-up**, click the sub's number and libero's number. Liberos are represented in a blue box while on the court (like Home Team's #10).

2. **Substitutions:** Click the **sub's number** and the **player leaving** the court's number, like to the left, where 9 is going in for 5.

Time Outs: Click the “time out” button on the side of the team who called the time out. A 1 minute countdown clock will appear.

At the **end of time out**, you can click the “done” button in the countdown area.

Remember, you can **always “undo”** if you make a mistake!
